4 Participants, Safety, and Live Animals

Outreach Instructors must adhere to specific animal handling policies and guidelines to ensure the safety and well-being of the animals. If at any point, an instructor feels the safety or well-being of any animal is in jeopardy, he or she can declare "no animal touching" regardless of group size. For health and safety reasons, the minimum age for preschool programs is 2 years of age.

During the education programs, hand sanitizer will be provided after contact with animals. Due to the unpredictability of animals, tour experiences may vary.

All tours are walking tours. No transportation is provided.

Please dress for the weather and the visit. Closed-toe shoes are required for all tours.

All guests should be aware of Zoo services and policies and must abide by staff instructions at all times.

Each experience has requirements listed in the tour description on our website: www.washingtonparkzoo.com

For safety reasons, children under 18 must be accompanied by a paid adult. Adult supervisor(s) must remain with the students throughout the program(s).

For health and safety, there can be no food or beverages, except for water, in the area during the program. While our public spaces and guest amenities are fully accessible, some of the behind-the-scenes areas visited through our tour program may not be. If there are any physical, cognitive, or behavioral needs within your group, please notify us at booking so our staff can be prepared to make any reasonable accommodations.

In compliance with best practices for zoo animal welfare — and the quarantine protocols outlined by federal regulations and the accreditation standards service animals are not permitted in our behind-the-scenes animal areas.

Photo or video taking is always welcome in public areas but NOT in behind the scene areas for animal and guests safety.

When you receive your invoice, please check all dates and times to ensure accuracy. If there is a conflict, please contact the Zoo immediately. On the day of your program(s), please arrive 10-15 minutes early before the program start time to register.

The Washington Park Zoo reserves the right to cancel any tour due to unforeseeable animal health, weather, or staffing issues. In case of such an event, the Zoo will contact you to reschedule your tour. No rescheduling opportunities will be given for no-call/no-shows.
